At Abbott, we're dedicated to helping people live more fully, in everything we do. We're creating the future of healthcare through life-changing technologies and products that make you healthier and stronger, quickly identify when you have a medical need, and treat conditions to help you get back to doing what you love.

With headquarters in north suburban Chicago, we serve people in more than 160 countries with leading medical devices, diagnostics, nutrition products and branded generic medicines. Our 114,000 colleagues are helping millions of people to live better and healthier, every day around the world.

LIFE-CHANGING TECHNOLOGIES

CARDIOVASCULAR CARE

Helping people and their doctors better manage cardiac and peripheral vascular health using cutting-edge technologies

DIABETES CARE

Making diabetes management easy, effective and affordable so that people can spend less time thinking about diabetes and more time living

NEUROMODULATION CARE

Treating chronic pain and movement disorders by targeting specific areas of the brain and nervous system

DIAGNOSTICS

Providing accurate, timely information to guide effective treatment decisions

NUTRITION

Using the latest science to create better ways to nourish bodies from infancy to adulthood

BRANDED GENERIC MEDICINES

Helping people get and stay healthy with quality medicines they can trust

CONSUMER BIOWEARABLES

Lingo™ is designed to help people monitor and track glucose, ketones and lactate to make informed decisions about their health, nutrition and overall well-being
